

Department for International Development - Nepal Health Sector Support Programme (DFID-NHSSP)

Vacancy Announcement

Nepal Health Sector Support Programme (NHSSP) is a technical assistance programme to the Ministry of Health and Population (MoHP), funded by the UK Government through the Department for International Development (DFID) Nepal. NHSSP is a technical component of the UK's support to the MoHP under the Nepal Health Sector Programme-3. It is designed to support the goals of Nepal Health Sector Strategy (2015/16-2020/21) and contribute to the MoHP's efforts to provide quality health services leaving no-one behind.

The programme is running from April 2017 and has recently been extended until December 2022 to cover the overarching priorities of Health System Strengthening at Sub National Level. It is implemented by a consortium led by Options Consultancy Limited, with HERD International and Oxford Policy Management.

DFID-NHSSP is seeking highly qualified **Site Engineer** to provide Technical Assistance to Department of Urban Development and Building Construction on the execution of the retrofitting works of Pokhara Academy of Health Sciences, Pokhara.

Interested candidates are requested to apply as per instructions given below:-

- Retrieve detailed **Terms of Reference** and **Application Form** for the position from the website of NHSSP – www.nhssp.org.np, click on to NHSSP Logo and go to Notices.
- Email application along with documents as mentioned in the Application Form to se-recruitment@nhssp.org.np by **10th September 2020**.

DFID – NHSSP is an equal opportunities employer.
